Thanks for the intro Dylan and hello Captain Doherty!

Happy to hear that the Onboarding went well today and look forward to coordinating the public announcement components using materials attached / below so we can get Haverhill PD up and running with the new portal features as soon as possible.

Attached press packet materials include;

- **Press Release Template:** Ready for you to review and customize with a quote, in your standard Department template and any other edits to best fit your Department / community. Please share your final version with edits in tracked changes so we have a chance to review before final distribution.
- **In-App Alert & Draft Social Media Posts:** Once the press release is confirmed for distribution, Ring will push out the In-App alert to Neighbors app users in your and announcement posts should be ready to go live via the Dept.'s official social media channels as well.
- **Sample Talking Points & Reactive Q&A:** These are internal use docs to help you and any other Department spokespeople prepare to speak about the Neighbors app partnership and respond to commonly asked questions from the public and press once the announcement goes out.
- **Neighbors App Logo & Imagery:** High-res versions of the Neighbors app logo and other contextual images approved for use in press releases, social media posts and other public communications moving forward.

Let me know when you have a chance to review and what our timeline looks like and if tomorrow or Friday might be possible in terms of release distribution, posting on social media, etc.

Available by phone or email today anytime!

Best,

Morgan

Neighbors by Ring

[Agency] Joins 'Neighbors' by Ring to Provide Users with Real-Time, Local Crime and Safety Information

Neighbors aims to reduce crime in neighborhoods by connecting people, security cameras and law enforcement.

[City, State] -- [Date] – The **[Agency]** today announced that is joining the Neighbors app by Ring (available via iOS/Android here: <https://download.ring.com/haverhill>) to provide the **[CITY/COUNTY]** community with real-time, local crime and safety information. The Neighbors network already has millions of users and has been instrumental in catching package thieves, stopping burglaries, and keeping neighborhoods safe.

Residents can download the free Neighbors app, join their neighborhood, and use the app to: monitor neighborhood activity; share crime and safety-related videos, photos and text-based posts; and receive real-time safety alerts from their neighbors, local law enforcement and the Ring team.

[Agency] quote

Jamie Siminoff, Chief Inventor and Founder of Ring, said: "We're excited to have the **[Agency]** join Neighbors to keep their community up-to-date on local crime and safety information. Over the past few years we have learned that, when neighbors, the Ring team and law enforcement all work together, we can create safer communities. Neighbors is meant to facilitate real-time communication between these groups, while maintaining neighbor privacy first and foremost. By bringing security to every neighbor with the free Neighbors app, the **[CITY/COUNTY]** community can stay on top of crime and safety alerts as they happen."

How It Works

- Download the Neighbors app on iOS and Android here: <https://download.ring.com/haverhill> or by texting 'haverhillma' to 555-888 from your smartphone.
- Opt-in to join your neighborhood.
- Customize the geographic area you want to receive notifications for (users must verify where they are located and cannot participate in other neighborhoods).
- Receive real-time alerts from your neighbors, local law enforcement and the Ring team that inform of crime and safety alerts as they happen.
- View local crime and safety posts via a live feed or interactive map.
- Share text updates, photos and videos taken on any device, including Ring's home security devices.
- Work with your community to make neighborhoods safer.

About [Agency]

[Agency] boilerplate

About Neighbors

Neighbors is a neighborhood watch app that provides real-time, local crime and safety information. Download the free Neighbors app (iOS/Android), join your neighborhood, and use the app to: monitor neighborhood activity; share crime and safety-related videos, photos and text-based posts; and receive real-time safety alerts from your neighbors, local law enforcement and the Ring team. Download Neighbors (iOS/Android) today to join your digital neighborhood watch. For more information visit www.ring.com/neighbors.

About Ring

Ring's mission is to reduce crime in neighborhoods by creating a Ring of Security around homes and communities. Ring is an Amazon company. The Ring product line, along with Neighbors by Ring, enable Ring to offer affordable, whole-home and neighborhood security devices and services. In fact, one Los Angeles neighborhood saw a 55 percent decrease in home break-ins after Ring Doorbells were installed on just ten percent of homes. For more information, visit www.ring.com. With Ring, you're always home.

The New Neighborhood Watch

Reactive Q&A

Neighbors & Law Enforcement Partnerships

- **What is the partnership benefit?**
 - The Neighbors app lets you easily share and communicate with your neighbors about crime and safety so you have real-time, local crime data at your fingertips. The Neighbors app facilitates communication between neighbors, which is a crucial element of crime prevention.
- **How is Neighbors different from other platforms / Apps?**
 - Neighbors is about crime and safety only.
 - Residents must verify location in order to post / comment.
 - All users post anonymously (like a tipline)
 - Law Enforcement can view what residents are sharing, engage the public in their investigations and provide residents with hyper-local crime and safety information.
 - **Neighbors features allows it to function as a true digital neighborhood watch.**
- **Is law enforcement able to access user data or cameras through Neighbors?**
 - No user data, or even the existence of a camera at a specific location, is shared without prior consent of the device owner. Law enforcement can only see posts that users share publicly; they do not have access to users' devices, video or data.
- **Why is law enforcements participation on the app useful?**
 - Neighbors enables **agency** to:
 - Share important crime and safety updates with local communities in real-time.
 - Request information about local crime and safety situations from Neighbors who opt-in to sharing for a particular request.
 - Work together with the local community to build trust and make neighborhoods safer.
- **Does the Neighbors app collaborate with other apps like Facebook and NextDoor that get used by neighborhoods?**
 - Yes, Neighbors posts are shareable with other major social platforms. We encourage users to share crime posts to build awareness of local incidents and help identify criminals acting in the area.
- **Can only Ring videos be shared on Neighbors?**
 - No. All videos, images, and text can be uploaded and posted to Neighbors. Videos from all cameras can be uploaded.
- **How does Ring Neighbors work with law enforcement? How much access does law enforcement have to my Ring device? If any?**
 - Neighbors users can choose whether to share their Ring videos with law enforcement in the app.
 - Law enforcement can view the publicly available content in the Neighbors app and request content from Neighbors in a certain area and time range where an incident may have occurred. If law enforcement is interested in seeing a certain video, Ring will ask the user if he/she is willing to share footage with law enforcement. The police do not have a way to contact users outside of the app, which keeps identities hidden.
- **How many agencies have partnered with the Neighbors App?**

****FOR INTERNAL USE ONLY****

- Dozens of agencies nationwide have joined the Neighbors App and are currently using it to engage with their communities.

Neighbors App + Local Law Enforcement

Sample Talking Points

- The **[AGENCY]** is excited to be a part of Neighbors, a free app which aims to reduce crime in neighborhoods.
- **[CITY]** residents can download the Neighbors app on iOS or Android, join their neighborhood, and use the app to: monitor neighborhood activity; share crime and safety-related videos, photos and text-based posts; and receive regional safety alerts from local law enforcement - all in real time.
- **Thanks to Neighbors, the [AGENCY] is able to:**
 - Send alerts to Neighbors of crime and safety incidents in the area in real-time.
 - Request information about local crime and safety situations from Neighbors who opt-in to sharing for a particular request.
 - Work together with the local community to build trust and make neighborhoods safer.
- The **[AGENCY]** would encourage the Frisco community to download the free Neighbors App so they can keep up with real-time crime and safety updates.
 - The app is free to download, free to use for both residents and law enforcement.
- Neighbors and the **[AGENCY]** are working together to foster trust between law enforcement and communities, and create safer neighborhoods.
- If **[CITY]** residents see a crime occur they should immediately report the incident to local law enforcement.
- All tips we receive via Neighbors are anonymous unless you choose to identify yourself.
 - Anonymous tips are a tactic law enforcement already use to solve crimes.
- How the app works:
 - **[AGENCY]** will share relevant and important crime information with residents in real-time through Ring Neighbors to keep residents informed about local crime and safety updates.
 - You can join the conversation, monitor for updates, and watch shared videos.
 - If you notice or experience a crime or safety-related incident, immediately share the information with your neighborhood and local law enforcement via the Neighbors app.
 - Communicate with your neighbors to help make our community safer.

Subject: Neighbors Portal Feature Update

We're constantly looking for ways to improve the Neighbors Portal, not only for our law enforcement partners, but the civilians that we collectively serve.

As part of those efforts, we're proud to announce that we've made some enhancements to the Request Video feature. Specifically, the camera map interface will now be shown as a heat-map.

The important part is that the core functionality has not changed. This is simply an aesthetic update aimed at providing a better experience.

In terms of how you use/interact with the Request Video feature, you should still be requesting videos from areas that you feel can help provide actionable intelligence, and/or evidence for active investigations. The look and feel of the map should not change the specific area for which you choose to focus your investigation.

You can view these changes by signing into the Neighbors Portal [here](#). If you have any questions please reply to this email to contact your Account Manager.

To: sdoherty@haverhillpolice.com
Subject: Boost Leads with Video Requests

Requesting videos from Ring device owners can provide many leads, but you can always use more to close a case. Extend your investigation to non-Ring device owners in the area by **creating a Post** on the Neighbors Portal after submitting a Video Request.

Soliciting information from all neighbors in the area of interest increases your chances of receiving actionable evidence to help solve more cases with one click.

Best Practices

1. When submitting a Video Request, also **create a Post** to extend your reach
2. In your Post, ask neighbors to **share videos** from any kind of security camera or smart device

3. Provide your **contact information** so neighbors can reach out directly

[Go to Neighbors Portal](#)

**Vehicle Burglary-Window Smash**

On 2/4/19 between 08:30 AM to 2:30 PM a victim's vehicle was burglarized while parked in the Business Complex. The vehicle was locked, however, the suspect smashed the side window to gain entry. Once inside of the vehicle, the suspect removed the victim's purse. The TRPD is reminding our residents prior to locking and leaving your vehicle unaccompanied to conceal or remove any valuables such as pocketbooks, computers, cell phones, cash/loose change that may be in plain view. Always remember, if it is out of sight it will be out of mind!

Subject: Success on Ring Neighbors Portal

Shortly after receiving **over 50 video submissions** through the **Neighbors Portal**, an arrest was made on a burglary suspect through the collaborative efforts of the **Rolling Meadows Police Department** and neighboring agencies.

Last month, a resident's Ring device captured a person trespassing on his property. The homeowner immediately shared his video on the **Neighbors App** and contacted the Rolling Meadows Police Department. The Rolling Meadows Police Department saw it as a great opportunity to request additional recordings through the **Video Request** feature on the **Neighbors Portal**. One video recording in particular stood out which led to an arrest.

New Neighbor Alert: Cage thief (do you know this person?)

ring Neighbors
Portal

Cage thief (do you know this person?)

crime

April 17 2019

So today at around 11:30am someone decided that it was ok to walk up to my in-laws front yard and walk off with a cage that does not belong to them. A little info real quick. They are having a squirrel issue and are trapping and relocating them. But back to the issue. This guy seen in the

video decided he now owns the squirrel and the cage now. They would be happy if he returned the cage, and they said he could keep the squirrel lol. Do you know this person?
